Blanco County Well Registration

Instructions: This form is used for well registration only and shall be filled out as completely as possible. In accordance with the Texas Water Code, Chapter 36 and District Rules, all wells in Blanco County must be registered with the District. The District shall determine if the registered well is exempt or non-exempt from permit requirements. If the well is non-exempt, a permit is required, and the District will provide the well owner with the appropriate application form.

Check One: () This well existed prior to February 11, 2002. Registration will not require payment of registration or deposit fees.
() This will be a new well. A well drilled after February 11, 2002 requires payment of (1) a Registration Fee of \$100 to cover District administrative and inspection costs, and (2) a Documentation Deposit of \$100. Upon submission to the District of the driller's report and any other documents generated during the drilling and completion of the well, this deposit will be refunded.

Well Inspection: District staff shall inspect each well registered with the District. Property access for inspections is authorized by Texas Water Code Chapter 36.123 and shall be scheduled with the well owner and conducted in accordance with District Rule 3 and Rule 4.5. Inspections may include confirming well location, measuring water level, confirming pumping capability, water sampling, geological survey, or any other well-related inspection activity deemed necessary by the District.
